

Illumina Proactive connectivity guide

Easily connect your MiSeq™ i100 Series Sequencing System

Connecting your MiSeq i100 Series sequencing system ensures smoother operation, enhanced efficiency, and prompt resolution when support is needed.

Follow these steps to get connected

- From the **Start Menu** (1) on the Home Screen, select **Settings**, then select **Cloud settings** (2)
- Under the **Illumina Proactive** menu (3), select the checkmark to send instrument performance data to Illumina
- Click **Save**

For more information, contact your local field applications scientist or field service engineer
